

MaxR100™ Customer Information Sheet
A/C & Refrigeration Equipment Profile

Note: Fill in one form per unit of A/C or Refrigeration equipment.

Roof Top A/C Units		
Equipment Info	Customer Input	Explanation
A/C Manufacturer		Trane, Carrier, etc
Model Number		Model number of A/C unit
BTU Output		12,000 BTU/Ton
Power Input		120/208 v 3ph, 277/480 v 3ph, etc
Refrigerant Type		Refrigerant oil type and ISO number
Nearest A/C unit		Distance in feet to nearest A/C unit
Are units clustered		Group of 2, 4, etc
Serial Number		Serial number of A/C unit
Present monitoring/control with data collection and display for A/C unit		
Monitoring Info	Customer Input	Explanation
Outside Temp		Yes, No
Temp Set Point		Model number of A/C unit
Suction Pressure		Compressor suction pressure
Discharge Pressure		Compressor discharge pressure
Temperature Input		Temp to exchanger
Temperature Output		Temp from exchanger
Computer Control/Unit		Individual computer control at unit?
Time-Stamped Data		Is data exportable to spreadsheet?

Refrigeration Units		
Equipment Info	Customer Input	Explanation
Units Used For		Frozen meat, vegetables, etc
Manufacturer		Name of manufacturer
Model Number		Model number of refrigeration unit
BTU Output		12,000 BTU/Ton
Power Input		120/208 v 3ph, 277/480 v 3ph, etc
Refrigerant Type		Refrigerant oil type and ISO number
Sump Size		Refrigerant sump size
Comp Common/Header		# of compressors common to header
Filter Manufacturer		Filter manufacturers name
Filter Model/Size		Model & Size of filter
Present monitoring/control with data collection and display for refrigeration unit		
Monitoring Info	Customer Input	Explanation
Outside Temp		Yes, No
Temp Set Point		Model number of A/C unit
Suction Pressure		Compressor suction pressure
Discharge Pressure		Compressor discharge pressure
Temperature Input		Temp to exchanger
Temperature Output		Temp from exchanger
